SNAPPY 300 & 400

A highly versatile folding workstand ideal for many different trades including decorators, electricians, heating and ventilation contractors and signwriters.

Snappy can be easily transported in a small van, opened out ready for use in seconds and even acts as a trolley for moving equipment to the job site.

Working heights of up to 4 metres can be achieved, and if more reach is needed Span 300 or 400 components can be added to form a complete tower.

Specifications	Snappy 300	Snappy 400
Max. working height	4.0m*	4.0m*
Overall height	2.04m	2.04m
Width	0.74m	0.74m
Length	2.0m	2.0m
Weight	44kg	41kg
Rung spacing	276mm	414mm

* For platform heights over 2m guardrails must be fitted

Snappy 400 simply snaps into position and is ready to use in seconds.

Rib-Grip cold formed joints

The cold-formed Rib-Grip jointing process is a key feature of the Access Tower Systems and gives greater strength and durability than traditional welded types.

Snappy 300 folds out into an ideal trolley for moving tools and equipment.

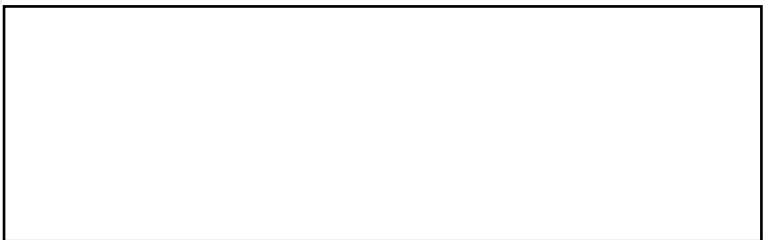

Snappy 300 is a highly versatile workstand for a variety of applications.
